

PRAISE AND PRAYER - Nov 1, 2012

Dear prayer supporters,

A lot of work has been done since my last update In June.

PRAISE

A. Irina has **completed** the editing of the music history textbook Part 1. I just saw the copy a few hours ago. What a joy to see this greatly 'cleaned up' version!

B. DVD editing of the seminar "*Holistic Worship - Psalm, Hymns and Spiritual Songs*" is **completed** with the addition of graphics and subtitles. It looks great.

REQUESTS

A. **Next step** for the music history textbook PT 1 is **graphics layout**.

1. Staff from the Christian Music Academy plan to read all 230 pages and **make decisions** concerning
 - a) callouts (quotations or excerpts printed in special eye catching manner to show key ideas)
 - b) placement of musical examples, graphics and photos to made book more engaging.

Due to schedule of those involved, this needs to happen in the **next two weeks**. Pray for Guennadi and Olexandr Korchevniy as they lead the team in working efficiently.

2. I (James) need to **complete the search** for good graphics and photos. Major answers to prayer occurred this week but work still left to be done.

B. Guennadi will then have many hours of work to do the actual layout. **Pray for skill, wisdom, health, time, functioning software and computers.**

C. DVD "*Holistic Worship - Psalm, Hymns and Spiritual Songs*". As mentioned in praise above, the DVD editing is completed, Now the **translation and formatting** of the leader's guide and participants notes that I finished in May need to be completed. Pray for wisdom, time and skill for Guennadi and his wife as they complete this process.

DEADLINE FOR COMPLETION OF PROJECTS: March 12 when the International Summit of Worship Leaders will take place in Irpin (outside Kiev), Ukraine. It is important that we are able to **share** these wonderful resources with the representatives from the various countries and many parts of Ukraine.

Thank you for your partnership.

James
